

About SPAV:

The School of Planning and Architecture Vijayawada is one of the three SPAs in the country established by the Ministry of Human Resource Development, Government of India as Institution of National Importance in the field of Architecture and Planning. SPA Vijayawada aids young prospective students, academicians and professionals across the nation to gain solid fundamentals at the Bachelors level, attain state-of-art specialization at Masters and PhD level in the fields of Architecture and Planning. Today, the School even though a young Institute, has been steadily and successfully building its rightful image as a hub of the highest standards of Education and Research in Architecture and Planning across the nation and beyond.

Department of Planning:

The Department of Planning at SPAV envisions creation of new frontiers in the field of 'Development and Planning' through providing enabling education and training, cutting edge research and professional consultancy in the region. Since 2008, the Department of Planning is involved in shaping young minds through quality education towards making them technically equipped, socially responsible and ethical professionals in the field of Planning.

Department of Architecture:

The Department of Architecture at SPAV envisions quality education to the students and mould them to be excellent Architects with adequate management skills and noble human qualities. The programme aims at attaining a high level of excellence in Architectural Design. To this end, the design course is seen as the core of the programme with supportive inputs from courses in other streams viz., the Humanities, the Technological and the Professional, built upon a strong foundation of enabling skills in communications and data processing

WEBINAR SERIES

on

RESILIENT ARCHITECTURE & DYNAMIC CITY PLANNING

Date: 17 - 07 - 2020 | Time: 11am - 12:30pm

Organised By:

SPA Vijayawada

SUB THEME: POST COVID 19 URBAN FUTURES

01 Non-Pharmaceutical Interventions (NPIs) of Pandemic Risk Management (PRM)

Dr. Iyer Vijayalaxmi Kasinath
Dean (Research) and Professor
Department of Architecture
SPA Vijayawada

Dr. Ramesh Srikonda
Professor
Department of Architecture
SPA Vijayawada

A discourse on the current scenario of the effects of pandemic and strategies which would help in developing a self sufficient planning unit and how it would respond to the day to day economic, social and cultural aspects in reference to Pandemic Risk Management Strategies. This study also focuses on developing a planning framework to derive appropriate development control rules for post COVID19 development considerations.

02 Post Covid-19 Urban Future spurs Rethinking of Mobility and City Planning

Dr. Adinarayanan R
Dean, Faculty Welfare
Head, Department of Planning
SPA Vijayawada

Cities are ever-evolving, complex and organic in nature, conceptualization and planning for the same is often challenging. Particularly, the high dense cities that are susceptible to global and local impacts such as COVID19 pandemics which require novel thinking and city planning approaches in multifold dimensions. A discourse on critical assessment of urban density, health infrastructure, mobility pattern and their impacts on liveability standards in major cities to deduce strategies for the new upcoming cities and rethinking the way of city planning with reformed ideas.

POST COVID19 URBAN FUTURES

India, like most parts of the world, has been adversely affected by the Corona (Covid-19 virus) pandemic and we are living the historic times of uncertainty while our cities, communities and rural landscapes and lifestyles are being adversely affected by the same. In such time periods, the paradigms of spatial planning as well as architecture & design are at thinking crossroads towards the future of cities and lives of people post the recovery from the pandemic. Vehement discussions in the scientific world as well as the planning and design world are ongoing to find solutions of control and spread on one hand, and to find the causes and solutions after the world emerges as changed post these difficult times.

This webinar series aims to have a unique approach that shall benefit a multi-disciplinary group of learners, educators, policy makers and practitioners in the field of planning and architecture, and focus towards encouraging relevant discussions in the current situation of the Covid-19 pandemic and its association with the Planning, Architecture and Design community.
