

## **Enablement NEP 2020 at SPA Vijayawada**

There have been certain key steps taken and operational decision of significance taken in SPA Vijayawada, which demonstrates how various students, faculty and the Institute is keeping up its endeavours to outreach, network and share its knowledge and research activities, particularly in terms of enablement of NEP 2020. Some key highlights are as below:

### **1. Implementation of NEP Enabled Academic Ordinances 2023:**

In order to streamline and synchronize SPAV's academic regulations with the ideologies of NEP 2020, the Senate of SPAV, approved in its the 15th Senate Meeting, the following:

- **"Volume I - Academic Ordinances for Doctoral (PhD) programmes (Rules and Regulations) at SPA Vijayawada 2023"**
- **"Volume II - Academic Ordinances for UG and PG programmes (Rules and Regulations) at SPA Vijayawada 2023"**

These two Academic Regulations are in force, and has various interesting and notable academic features which are aligned with NEP and are exemplary in many aspects in the field of Planning and Architectural education in the country. Some of the salient features of this Academic Regulations 2023 (Vol I and II), as approved by the Senate SPAV are:

#### **a) Multiple Entry and Exit Points**

- i. The idea is to allow students with hardships or pressing economic and family needs, or with unavoidable circumstances to be able to exit with a technical diploma and work for a while and thereafter, return to the alma mater within a deadline in case situation improves and the student wishes to complete the degree.
- ii. SPAV has already implemented and awarded PG Diploma in Sustainable Architecture after 1 year exit in 2024 and B.BSc after 3 years exit
- iii. SPAV has also implemented re-entry into UG and PG programmes 2024 after eligible gap as per revised Ordinance

#### **b) Credits Transfer (SWAYAM / MOOC)**

- i. The idea is to allow students to experience courses which his/her Department/University is yet to offer Introduce students to the technology trends in terms of the latest. Students can reach out to MOOC and other renowned subjects with specific specialisations and niche focuses as offered by universities anywhere (online mode) to gain such specialised subject knowledge, which may not be directly available in the curriculum of SPAV presently.
- ii. SPAV has enabled students to take courses from other universities and SWAYAM as electives, and also made provisions for self-directed courses (at PhD level). All these are under implementation. Over 200 students from various programmes of Planning and over 150 students from various programmes of Architecture have enrolled for

such courses this semester. **For details, see Annexure at the end of this document.**

**c) Executive Development Programmes - Skill Development & Short-Term Certification**

The idea is to extend out campus and learning experience as a platform for working professionals and mid-career executives for capacity building and augmenting of knowledge of latest tools and techniques. The Executive Development Programmes (EDPs) are offered during the evenings for duration 6-7 days in a hands-on-mode, resulting in a, EDP certificate.

Skill Development Programmes (SDP) are aimed at more basic and rudimentary skills training. The idea here to impart basics of surveying, drafting, carpentry and interiors related to Architecture and Planning fields to students from under-privileged background with Std XII or Std X, leading to industry driven certifications. The SDPs are offered during the evenings for duration 15 days in a hands-on-mode, resulting in an SDP certificate.

SPAV has conducted 06 EDPs aimed at working professionals in mid-career for capacity building and has trained over 150 professionals on aspects of Transportation, Data Analytics, Site Planning, Energy Efficient Design, etc.

**d) Wider Eligibility and Professional Network for Admissions**

The idea is to open up the research atmosphere in the campus and allow entry of wider multi-disciplinary researchers with a motive and commitment to undertake research. It is also to encourage eminent professionals and government officials of mid-career range to enter into research even if they didn't have opportunity to complete Masters in the past. All this is done carefully without compromising academic requirements and standards.

**e) Zero Year & Accelerated High End Research Output**

The atmosphere of teaching learning has not been kept restrictive and regimental with an attempt to understand and encourage humanitarian approaches. Leaves and breaks in study with can be sanctioned for unforeseen/extraordinary circumstances viz. maternity, child-care, prolonged illness or accident, death or critical illness have been introduced.

## **2. Recognition of SPA Vijayawada as one of the 06 'AMRUT Funded Centre of Urban Planning for Capacity Building'**

- a) Pursuant to the letter received from the Ministry of Housing and Urban Affairs (AMRUT Division) Government of India, dated 15th Sept, 2022 (with Ref No. I59/2008/TCPO-MUT(373)/AMRUT-IIA) from the Under Secy. to the Govt. of India, requesting for proposals, SPA Vijayawada had formulated a project team with multidisciplinary experts and submitted a detailed proposal for setting up a Centre for Excellence in Urban Planning.
- b) Subsequently, a letter was received on June 06, 2024 (with Ref No. K14011/6/2024-AMRUT-IIA from the Under Secy. to the Govt. of India), giving recognition to SPA Vijayawada as one of

the 06 Institutes in India to be developed as "AMRUT Funded Centres of Urban Planning for Capacity Building (A-CUPCB)".

- c) Accordingly, SPAV and AMRUT division of MoHUA, GoI has signed a detailed MoU on 20.09.2024, which specifies regulations and conditions for utilisation of the funds amongst others.
- d) This enables the Institution to have multi-disciplinary research that is contextual and need based.

### **3. Student Exchange with Ecole Blueu University France**

- a) In order to operationalise the MoU between SPAV and the Ecole Blueu University France, a roadmap has been worked out with Ecole Blueu for student exchange at UG level for the ongoing Odd semester of AY 2024-25.
- b) The visiting IV and V Year students shall undertake 18 European credits at Ecole Bleue between October 2024 -Mid January 2025 as part of the Exchange programme while completing the rest of the 12 credits of theory at SPAV.
- c) The Senate has approved that the courses taken at Ecole Bleue will be deemed as equivalent to Studio and Dissertation of SPAV, after careful deliberations. This is aimed at International Exposure and the additional credits earned (if any) at Ecole Bleue would be reflected in the marksheets.

### **4. Induction of Indian Knowledge System into the Academic Structure at SPAV**

- a) In September, SPAV along with ITPI has conduct of a 2-day National Conference on Techno-Traditional Indian Knowledge Systems for Eco-Sensitive Coastal Settlement Planning. The conference was inaugurated by the Hon Minister of Urban Development and Municipal Affairs of Govt of Andhra Pradesh with heavy participation of local municipal and State Govt planners and architects. Papers were presented by practitioners and researchers from across India and the proceedings and report at made online with wide outreach.
- b) All PG syllabi at SPAV has been re-vamped in May 2024 with the intention of making them industry smart, bringing in the latest in the market in terms of tools and techniques and also with the intention of having traditional knowledge systems inculcated into each syllabus and lecture plan.
- c) Every semester, in majority of subjects taught, teachers shall be addressing the aspects of what is indigenous, vernacular and a part of the Indian Knowledge system in the theme being taught

### **5. Submission of Closure Report for SPAV Project Mode**

SPAV has submitted its closure report to the Ministry of Education, GoI to come out of the project mode since the construction and completion and start of its new campus of 10 acre at the heart of Vijayawada. It has completed all tasks of constructions and building works and is now self reliant of its educational

activities for 09 PG programmes and 02 UG programmes. However, it requires space for growing students intake and shortage of accommodation for students and staff. This has been looked into through detailed studies to evolve a new DPR 2025-2030.

## **6. DPR 2025-2030 preparation**

SPAV has recently prepared its Draft Project Report for 2025-2030 indicating its requirements for expansion of academic activities in line with NEP 2020 and also to embark on a path of growth of excellence in the domain of Architecture and Planning. In this DPR 2023, space requirements, the start of new inter-disciplinary course, the requirement of faculty, funds and infrastructure has been projected with a vision and action plan in place. The same has been placed in FC and BoG recently.

## **7. Grassroots-oriented projects that enable learning process of students**

The faculty and students have trodden upon a path towards applied research with local governments to make education relevant and contextual. Some of the projects it is presently undertaking are -

- a) SAAR Smart City Project Recognition by MoHUA, Govt of India
- b) Gram Panchayat Spatial Development Plan - Project recognition by MoPR, Govt of India
- c) Polavaram Resettlement Plan
- d) Projects with the Dept of Tourism, Govt of AP
- e) Regional Plan Preparation Projects with Govt of Tamil Nadu

## **8. Other Achievements**

- a) Several students have participated in national and international competitions and conference, bringing laurels and awards
- b) Over 150 special lectures and industry expert interactions facilitated in SPAV campus in last semester. Mid-sem industry interaction introduced to guide much before jury
- c) Institute Innovation Council initiated over 15 events and competitions that are oriented towards innovation and entrepreneurship
- d) Faculty have been invited in over 45 instances to various prestigious juries, committees, advisories and selections across India.
- e) Over 25 workshops and seminars in niche areas have been conducted.
